KEM Can Help You Meet Your SBE Requirements with NEORSD

K.E. McCartney & Associates, Inc. (KEM) is a full service civil engineering firm with an office in Elyria, Ohio and is certified with the Northeast Ohio Regional Sewer District as an SBE. Since 1978, KEM has been providing engineering services with an emphasis on the design of wastewater collection systems and treatment plants, I/I reduction projects, collection system rehabilitation, construction administration and inspection, storm water management, and a full spectrum of surveying services including GIS mapping.

NEORSD has recently released two RFP's that speak to these strengths:

- **CSO-SSM&O Bundle Projects**
- **Gravity Thickening Improvements**

Following is a list of the engineering services that can be provided by K.E. McCartney & Associates to help provide your team with the knowledge and expertise necessary for a successful project while at the same time meeting the SBE requirements:

- Field survey reconnaissance and base mapping
- Process design and sizing
- Sewer system cleaning/inspection/flow monitoring oversight
- CCTV data analysis and rehabilitation recommendations
- Preparation of bid documents and detailed specifications
- Preparation of permit applications
- Bidding services
- Construction staking
- Submittal and shop drawing review
- Resident project representative
- Contractor payment review and approval
- Record drawings preparation
- Preparation of O&M manuals

Please contact Rick Greenwood at rgreenwood@kemccartney.com or 419-525-0093 for further information on how K.E. McCartney & Associates can work with your firm on the noted NEORSD projects.
